Notes & Historical References

Statistical Lists

The research for this historical data was initiated in April 2006 and first published that October. "All available data" was carefully reviewed and referenced. However, we are constantly looking for additional results not yet reviewed. If a "blank" exists or any data is missing on a performance list, it is because the performance specifics have not been finalized and we are looking for further validation. To be valid, all information of a performance must be listed.

History

During the 1970's and 1980's, there were many Clubs in the City of Ottawa. Prior to 1988, only athletes and coaches listed as members of the original club, the East Ottawa Lions / founded in 1973 / Bob Staveley - Head Coach, have been listed to the best of our knowledge applying existing records, national / provincial rankings and annual coaching reports.

In 1989, the amalgamation of several clubs and coaching leaders created the new "Ottawa Lions". The few clubs that chose not to be included in this structure would eventually disappear within only a few years. The City of Ottawa and it's surrounding regions came to be served by one effective "all-inclusive" approach to the sport. The Ottawa Lions organization continues to be a unique within Canada, providing leadership, coaching and service to

our sport from coast to coast.

It is our intent to recognize and enshrine the achievements of our both our athletes and coaches. It is their efforts and their achievements that better serve the "Lions Legacy". This history will assist current and future athletes to excel and offer a reference of achievement, of terms of expectation and of aspiration to excellence.

These Lists and Rankings will be reviewed, updated and re-posted on a biannual basis each April and October. If you know of anyone who has any historical resources that will aid in the completion of our historical lists please contact us.
