Notes & Historical References

Statistical Lists

The research for this historical data was initiated in April 2006 and first published that October. "All available data" was carefully reviewed and referenced to the extent of performance records and meet r. We are however constantly looking for additional results not yet reviewed. If a "blank" exists or any data is missing on a performance list, it is only because the performance specifics have not been finalized and we are simply looking for further validation. To be valid, all information of a performance must be listed some place (meet results, other rankings, newspaper, personal journals etc).

Note: The years from 1997 to 2001 - statistical records were poorly maintained by the National Sport Organization (Athletics Canada) and our organization also lost much of it's data and records via computer failure and a lack of hard copy records. So many of our Twilight Meets where many would have recorded outstanding results during most of the summer months were lost. If you can help us - please do.

Club History

During the 1970's and 1980's, there were many Clubs in the City of Ottawa. Prior to 1988, only athletes and coaches listed as members of the original club, the East Ottawa Lions / founded in 1973 and began it's operations in 1974 with Bob Staveley - Head Coach. Athletes have been listed to the best of our knowledge applying existing records, national / provincial rankings and annual coaching reports. The premier Club in the 70's was the Ottawa Kinsmen Harriers and many of Ottawa's outstanding athletes and established national and international stars were members of this organization and therefore unfortunately will be missed from these ranking lists.

In 1989, the amalgamation of several clubs and coaching leaders created the new "Ottawa Lions". The few clubs that chose not to be included in this structure would eventually disappear within only a few years. The City of Ottawa and it's surrounding regions came to be served by one effective "all-inclusive" approach to the sport. The Ottawa Lions organization continues to be a unique within Canada, providing leadership, coaching, education and competitive services to our sport from coast to coast.

It is our intent to recognize and permanently enshrine the achievements of our both our athletes and coaches. It is their efforts and their achievements that better serve the "Lions Legacy". This history will assist current and future athletes to excel ... offering a reference of achievement, of terms of expectation and of aspiration to excellence.

These Lists and Rankings will be reviewed, updated and re-posted on a biannual basis each April and October. If you know of anyone who has any historical resources that will aid in the completion of our historical lists please contact us.

Andy McInnis - Director
(September 2008)

Without this historically dynamic record of objective measurement, one would never know one's impact on this small but relative part of local, national and sometimes international sport history. We would never know just how our efforts of a moment in time may ***withstand the test of time.***
