

Brennan Loh

Team Manager

X-Country & Track Teams

Brennan begins his work with the uO GGs as a “Fresh Horse” of sorts with the teams. As a second year student enrolled in the Telfer School of Management, Brennan is actively involved within several university clubs and faculty associations. Having worked at the Team’s Indoor Track Facility (The Dome at Louis-Riel) since 2005, he comes to the Team with a new appreciation for the sports of Cross-Country and Track and Field and the meeting exceptional student athletes and dedicated coaches.

As manager, Brennan hopes to ease communication and the flow of information between coaches, students and the university .

He also travels with the team to competitions and acts as a team photographer when needed.

Team Director: Andy McInnis - *“We are excited to have Brennan join our staff. He brings an excellent communications skill set to the program, a familiarity with all university system processes and with the City itself ... he will be an effective resource for our student athletes”*

Brennan Loh living the student / manager life - *“Athletes put in an enormous amount of time and effort during the year and I enjoy doing that little extra if it means making their life at university easier and more importantly, to add some fun. I look forward to working with such a great group of athletes and coaches. Even occasional Elvis sightings make for getting up on a Saturdays at 5:00AM to catch a team bus just a little bit easier.”*
