

# uOTTAWA GEE GEE INDOOR TRACK & FIELD

---

## All -Time Performers

---

In the 1980's, some indoor competition was seen by X-Country Team Members, but only as a "Club" Sport. The initial uO Indoor Intercollegiate Track & Field Program began in 1993. It was a casual and co-operative effort between uOttawa and the Ottawa Lions Track & Field Club. The participants were almost always members of both programs and the level of participation was based on the Club athletes enrolled at the university. The participation opportunity ended after March 1999 with a re-direction in Ottawa participation and funding policies..

In 2005-06 and 2006-07 the GG Cross Country Program began an "association" with the Ottawa Lions Track & Field Club to facilitate the development of an Indoor Track Program and to facilitate the potentials of it's X-Country Program. Athletes participated in a "limited" indoor track program during these seasons.

In 2007-08, a formal agreement was reached between uO and the Ottawa Lions to fully manage the Cross Country Team and the "Re-Born" GG Track Team. The Team re-entered participation at the OUA and CIS Track & Field Championships with a limited team size and outstanding team and individual successes. The participation in 07-08 and 08-09 is limited to participation in "track events only" at the OUA & CIS Championships. The plan in 2009-10 is to introduce field event participation.
